IFTTT

Prior to IFTTT use...

- Ensure Amazon Alexa has been programmed and is operational.

- Ensure the Connexoon Window RTS device has scenes or ambiances programmed.

**Note:** Each Connexoon Window RTS user can have a maximum of 8 scenarios (4 modes and 4 ambiances)

**1** **Download the IFTTT app** or access the IFTTT website https://ifttt.com

2 Open the IFTTT app and select **Use Email** to sign in.

3 Enter your email address and select **Continue**.

4 Select **Get more** to take you to the search engine.
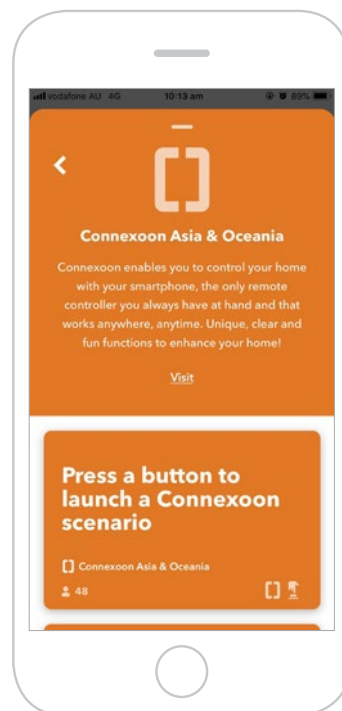

somfy.

5 Type "**Connexoon**" in the search bar.

6 Ensure the **Services tab** has been selected in the search results. Select **Connexoon Asia & Oceania**.
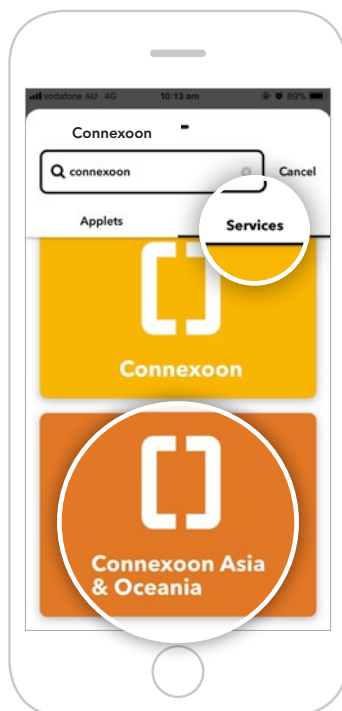

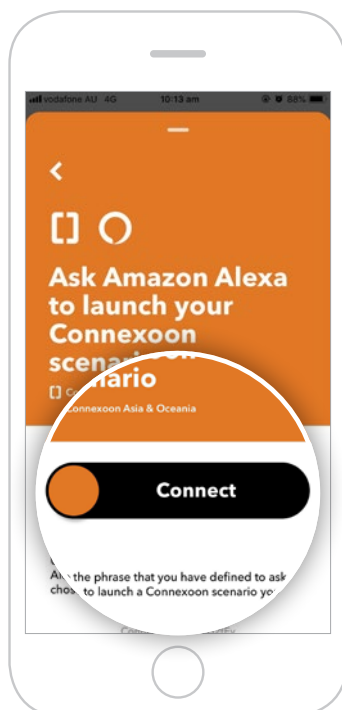

**7** You will find Applets proposed by **Connexoon Asia & Oceania**.

**8** Select the Applet for **Amazon Alexa** to connect.

9 Swipe right on the **Connect** button.

10 Enter your Amazon login details and select **Sign-In**.

16 Enter the details in the Applet and select **Save**.
Your customised Applet has been created.

> If You say "Alexa trigger good morning", then launch a Connexoon scenario
>
> Edit title
>
> Recieve notifications when this connection is active
>
> • Created Aug 14, 2019
> • Never run
>
> This Applet usually runs within a few seconds
>
> ◯ **Say a specific phrase**
> This trigger fires every time you say "Alexa trigger" + the phrase that you have defined. For instance, if you set "party time" as the phrase, you can say "Alexa trigger party time" to have your lights loop colors. Please use lower-case only.
>
> **What phrase?**
> good morning
> Use lower-case characters only
>
> [] **Launch a Connexoon scenario**
> This action will launch a Connexoon scenario.
>
> **Which scenario?**
> WINDOW_RTS - mode : Sun protection... ⌄
>
> **Save**
>
> Delete

Choose the **phrase** which will launch the scene or ambiance.

Select the **Connexoon Window RTS scene** or **ambiance** to be launched.

Create a new Applet

**17** On your home page, press **Get more**. Then select **IfThisThenThat**, situated underneath the search bar.

18 Select ➕ **This**.

somfy.
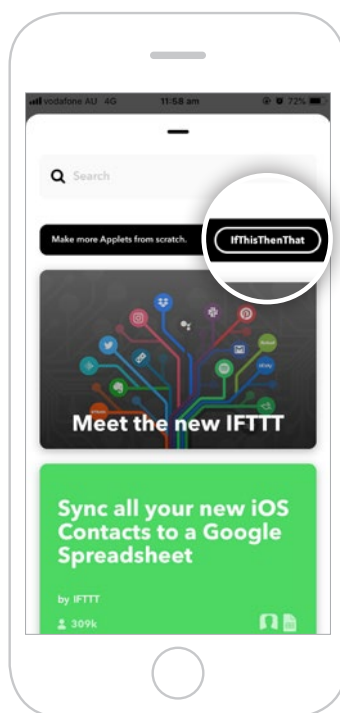

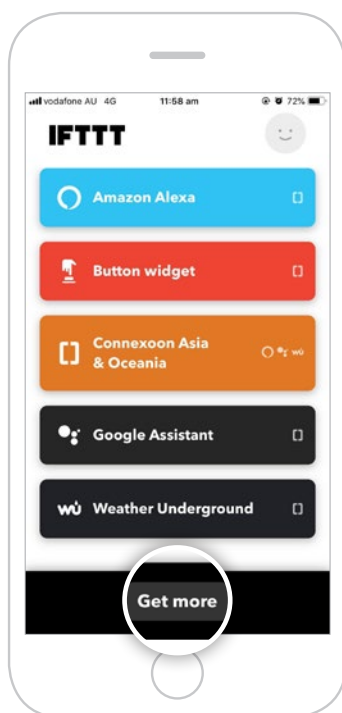

19 Search and select **Amazon Alexa**.

20 Select the **style of trigger** to activate the Connexoon Window RTS.
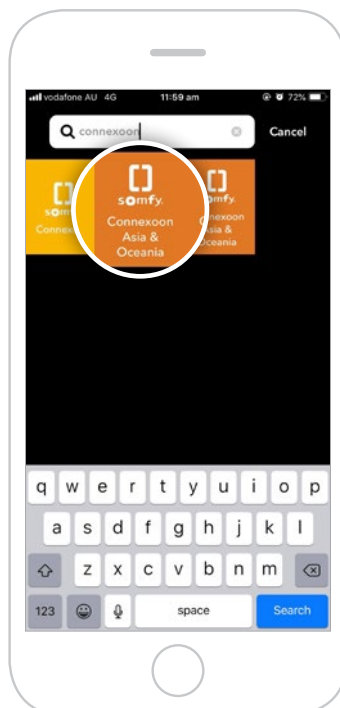

21 Enter the phrase to trigger your Connexoon Window RTS. Select **Create trigger**.

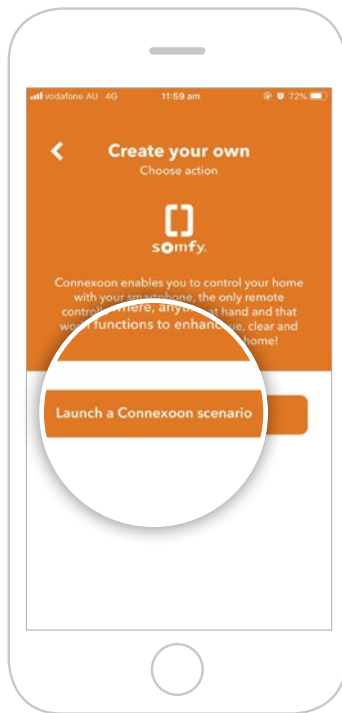

22 Select **+ That**.

23 Search for "**Connexoon**". Ensure you select **Connexoon Asia & Oceania**.
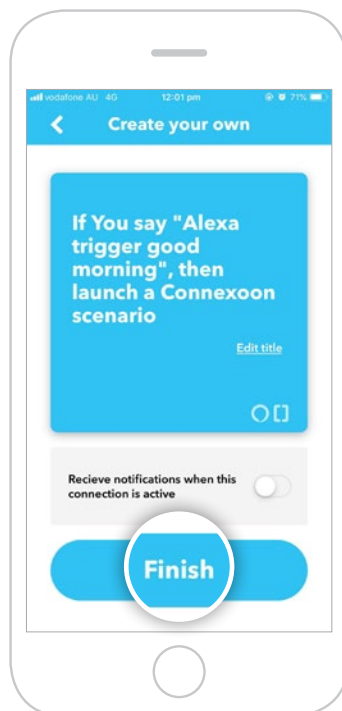

somfy.

**24** Select **Launch a Connexoon scenario**.

25 Select the Scenario you wish to launch from the drop-down menu. Select **Create action**.

26 The Applet has been created, select **Finish** to save.

27 The Applet can be viewed when selecting **Amazon Alexa** on your home page.
